Huerta Backs Up, and After Sizing Up the Situation, Backs Down.

THREATENS TAMPICO.

WASHINGTON, Jung 8 .- Another crisis in the Mexican difficulty faced the Washington Government Sunday, a situation fraught with perils for mediation and with possibilities that might precipitate actual warfare between the United States and Mexico.

Gen. Huerta brought about the new crisis by ordering his gunboats to blockade the port of Tampico and to seize a cargo of ammunition en route there for the Mexican Constitutionalists aboard the steamer Antilla from New York flying the Cuban flag. Huerta has notified the Powers of the intent to blockade the port and that he proposes to seize the cargo and consigned to the belligerants against his sovereignty as counterband of

At the request of Mr. Beckham, communicated through his State managers, and with the concurrence of all the men who have decided to become active for Mr. Beckham in the Louisville district, Mr. Edward P. Humphrey was Thursday morning requested to accept the chairmanship of the Beckham campaign in the city of Lou-¥<<<<<<<<<<<><<><<<>>>>>> isville, and he accepted for reasons

Scott Bullitt, County Jailer Charles C. Foster and dozens of others.

SELECTION OF CHAIRMAN. For a number of weeks Mr. Beckham has been receiving the most en- 412.34. couraging reports of the strength of the sentiment behind him in the city of Louisville, and Tuesday of this week he communicated a request that Mr. E. P. Humphrey be asked to accept the chairmanship of the local campaign. This suggestion was immediately accepted by Mr. E. T. Tierney, Mr. Brown and the other active friends of Mr. Beckham. Mr. Humphrey made the following brief statement to the Evening Post relative to

the matter: "I have agreed to accept the chairmanship of the campaign for Mr. Beckham in Louisville for these reasons: I wish to help in bringing not Scott's is free from wines, alcohol or lonly the Democratic party in Louisharmful drugs. Of the overwhelming strength of Mr. Beckham in the State there is no question. It appears that he has almost equal strength in Louisville. We will show in this campaign that Louisville is determined to keep step with the State."

MR. TIERNEY'S STATEMENT. Mr. E. T. Tierney said:

"I declared for Mr. Beckham for the Democratic nomination for Senator some weeks ago, and I have been astonished by the strength of the Beckham movement in Louisville. This is confined to no one class. Dozens of the strongest politicians are for Beckham, but equally significant is the fact that men who have heretofore refused to have anything to do with political organizations have agreed to take part in a sixty-day campign for Mr. Beckham, and I believe that Mr. Beckham will carry Louisville by a majority running well up into the thousands. Now that Mr. Humphrey has accepted the chairmanship, we will at once open local headquarters, secure a campaign secretary and office force and organize Louisville for Beckham from the First ward to the

MR. BROWN'S POSITION. Mr. James B. Brown is like Mr. Humphrey and other men who propose to be active in the Beckham

The Bourbon News campaign. Mr. Brown is rarely able to give more than a fraction of his campaign. Mr. Brown is rarely able time from business to governmental matters, but he considers Mr. Beckham so much the strongest man available for Senator and his nomination so important to Louisville, that he will assist in the campaign from the beginning to the end.

MR. DAVIES' STATEMENT. Mr. W. W. Davies said: "I have been several times interviewed by gentlemen who wished me to support a Progressive for United States Sen-One Year....\$2.00-Six Months.\$1.00 ator, but I have told them that I am a Democrat and am for Mr. Beckham for Senator and Mr. Sherley for Congress. Mr. Sherley's support of President Wilson I have strongly approved and I have always had the greatest admiration for Mr. Beckham. am a Democrat and will vote in the primary for Beckham and Sherley and in November for the same candidates."

COUNTY CLERK RAY'S STATE-MENT.

County Clerk Pres Ray, one of the most influential politicians in the Democratic party in Louisville, declared for Mr. Beckham in the most emphatic term Thursday morning and expressed much gratification of the success of the Beckham men in enlisting many men of prominence in the fight. Mr. Ray said: "I think the nomination of Mr. Beckham the best thing for the State and the best thing for the Democratic party. His nomination will hold in our party all of those former Independents we have secured by giving a good local gov ernment. I think Mr. Beckham will sweep Louisville at the primary."

Mr. Ray's open declaration for Mr. Beckham created something like a panic among the few McCreary and Stanley men in the court house. As stated some weeks ago, Judge A.

P. Humphrey has communicated to Mr. Beckham his best wishes in the contest and his assurance of support. County Attorney Scott Bullitt, who was appointed Sheriff in 1907 by Mr. Beckham, also stated that he is supporting the former Governor.

Judge Matt O'Doherty is an active supporter of Mr. Beckham. Mr. Charles C. Foster is a strong Beckham man.

MR. DUGAN'S POSITION. It is said to be certain that Mr. Frank Dugan, who is everywhere recognized as one of the most capable organizers inside the Democratic party in the city, will assist in organizing the Beckham campaign. Mr. Dugan is considered by many the mast thorough political organizer in Louisville, and he has hundreds of friends.

BARRY FOR BECKHAM. Another stalwart Lonisville Demo crat who is now an ardent advocate of Gov. Beckham is Mr. John J. Barry, who is chairman of the Fourth and Fifth Ward Committes.

Mr. Barry has the record of having never failed to carry the Fourth and Fifth wards in a contest.

Mr. Barry says he intends to make the campaign of his life for Gev. Beckham, and that he will set a new cratic nomination for Senator have mark in the Fourth and Fifth wards.

Cantrill's Prohibition Views.

"Mr. Cantrill announces his opposition to National prohibition, and af-firms that the adoption of National prohibition would disrupt 'our organizations' and 'turn the entire Government over into the hands of our poitical enemies.' It would undoubtedv disrupt organizations such as Mr. Cantrill has for so long maintained in Kentucky and like organizations, no doubt, in other States. And if it be true, as Mr. Cantrill, in effect, asserts, that the Democratic party can not live except by alliance with and dependance upon the liquor business the sooner that fact is ascertained

"Fortunately, the contrary is true, in which a loyal Democrat, but a staunch defender of prohibition, defeated his Republican opponent at the ing Democrats of Fayette County, to last election, the issue between them a Herald reporter said: being whether or not the prohibition law should be strictly enforced, the successful Democrat favoring strict enforcement.

Why Democrats Lost Tennessee.

"We lost Tennessee a few years ago tion." because we allied ourselves with the iquor interest and a combination of temperance Democrats and Republicans enacted and put into effect the most stringent prohibition legislation known to the country.

"So satisfactory have these laws proven to be that a great Democratic convention has just adjourned at Nashville, in which the question of strict enforcement or non-enforcement of these laws was at issue and a Democratic ticket was nominated on a other anti-liquor laws, and that Democratic ticket will be successful before the people at the November elec

"There is no doubt that prohibition would turn the entire Government over into the hands of Mr. Cantrill's political enemies, if by political enemies he means those who place first and superior to election to office the preservation of our homes, the ending of economic waste entailed by the maintenance of the saloon system, and the determination to preserve this government, and all of the institutions that exist under it, along such lines as will serve best the intellectual and moral well being of all the people.

Thomas' Attitude Well Known.

"I have always been opposed to the open saloon for the sale of liquor as a beverage, and as the liquor question is one in which the people are vitally interested I have always contended that they have a right to a voice in the settlement of the matter.

"I advocated the county unit bill because I thought the people of a county had a right to say whether the sale of liquor should be permitted in the county. I am a Democrat, and one of the fundamental doctrines of the Democratic party is the right of the people to rule through their duly accredited representatives, and to settle by their votes any question which may be referred to them for decision. "This is sound Democratic belief, and always has been, and always will be. The people are, and of right should be, the final tribunal by which all matters of governmental policy

Liquor Question Not Local.

are determined.

"The liquor question is no longer a local and sectional issue. Whether the liquor people like it or not it is in nearly every State in the Union a political question of pressing, vital and paramount importance, and will continue to be so until settled in the way the people demand.

"I believe in the people, and am willing to submit this question to their decision at the polls, and, therefore, if I were a member of Congress I would feel it my duty to vote for the Hobson resolution to allow the sovereign people of this nation to decide for themsives this momentous issue, and I would do this as a Democrat who believes in the old Democratic doctrine of the right of the people to rule.

"As a Democrat I could not believe that I had the right to refuse to allow the people of this nation a voice in the settlement of a question which so vitally concerns every community in America. It is a question for the people of a county to settle when it is only a county question, for the people of the State when it becomes a State question, and for the people of the nation when it becomes a National question. And this question is county-wide, State-wide and Nation-wide, and I stand as a Democrat for the

not for a few men in Congress to presume to settle it for them.

ACHES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of

Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches-pains in lower part of back and in sides, and pressing down pains. I could not sleep and

had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."-Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman' work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health - many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them right of the people to settle it, and from surgical operations.

Instant Relief from Sciatica "I was kept in bed with sciatica since the first of February, but I had almost in-stant relief when I tried your Liniment." —W. H. Hawkins, Frankfort, Ky.

"As a user of your Liniment for the last 15 years, I can say it is one of the best on the market. Fifteen years ago I sprained my ankle and had to use crutches, and the doctors said I would always be lame. A friend advised me to try your Liniment and after using it night and morning for three months I could walk without a cane and run as good as any of the other firemen in my department. This afternoon and night will be All-Star Feature Company, with the -Mr. and Mrs. Milton C. Browning, original Broadway cast, under the personal direction of Augustus Thomas. The play itself ran for five seasons, a financial and theatrical success, and produced in motion picture play, loses none of the gripping interest of the stage production, and so earnest, so intense, so powerful is the impression made upon the audiences that they can hardly realize that it is only the motion picture they are witnessing, and not the solid structure of the play. The plot treats of the noble (2-3t) sacrifice of a wife to save her husspeculations from his employer; the scheming of Capt. Bed Room Decoration-Little can be added to what we previously mentioned concerning the suitability of "near to nature effects" for the bed room. While simplicity is the key-note of decorative success, quite frequently this room requires decorations along the lines herein mentioned.

A panelled treatment for both walls and ceiling, the cut-out borders should be used in the larger rooms. Delicately figured and colored walls and ceilings are most appropriate in work of this character.

IMPORTANCE OF HEALTHY KIDNEYS.

Paris Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the ody is pouring through the kidneys constantly to be freed of poisonous matter. It is a hevavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to iritate, inflame and congest the kidneys and interrupt the purifying

Then the aching frequently begins and is often accompanied by some irregularity of the urine-too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles for 50 years. You will make no mistake in following this Paris citizen's advice. Mrs. Ida Huffman, 115 Main Street, Paris, Ky., says: "We think Doan's Kidney Pills are just fine. We willingly confirm the statement we gave some years ago recommending them, I suffered from pains across the small of my back. Seeing Doan's Kidney Pills advertised, I got a supply at Wilson's Drug Store and gave them a trial. I was very much pleased with the results."

THE EXPRESS IS IN THIS TOWN AND IN TO STAY

FOR seventy-five years-three-quarters of a century—the express has been the right-hand of the shippers of commercial America. The express came to Paris in 1854, and it came to stay. For 50 years it has been the right-hand of commercial Paris.

It is here to stay. The other day when reports went out that the express companies might retire from business, a protest went up. From whom this pro-

test-the express companies? No! The merchants of the country-shippers everywhere-petitioned Congress that no action might be taken that might have the effect of forcing the express companies to retire. Commercial organizations all over the land have joined in this appeal to Washington.

THE HUMBLE NEEDLE IS MAN'S TINIEST TOOL.

Who made the first needle? Perhaps some clever wife, who pierced the shank of a fine fishbone to carry a a thread of plant fiber or catgut.

To-day the needle is the symbol of civilization, for where you find human beings this side of barbarism you find clothes, and where clothes are there are needles.

Man is a tool using animal. And the needle is the commonest and smallest of tools.

The spider spins his web, the worm his cocoon; the man, by nature naked, weaves his outmost cuticle with this sharp, shining shaft of steel.

I have never seen the needle factories. Yet they are in my mind's eye huge, many-windowed barracks, and out of them march, day after day, the little soldiers of civilization, in silver gleaming armour, golden helmets, in companies and regiments to go to Alaska and Cape Town, to To kyo and New York; to the hands of the mother and the sister; to the morocco case upon the mahogany dressing table of the darling of wealth, to the workbox of the wife of the people, to the dark rooms of the slaves of the sweat shops, to the pincushion of the bachelor, to the knapsack of the soldier the bundle of the pioneer, the kit of the sailor. Wherever go the animals called human there the little needle dances attendance. - Chicago

IF SKIN BREAKS OUT AND AND ITCHES APPLY SULPHUR

Use It Like a Cold Cream and Dry Eczema Eruptions Right Up.

The moment you apply bold-sulphur to an itching of broken out skin, the

itching stops and healing begins, says a renowned dermatologist. This remarkable sulphur made into

a thick cream effects such prompt relief, even in aggravated Eczema, that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying irritable and inflammatory affections of the skin. While not always estabcured me when I was afflicted is lishing a permanent cure, yet, in ev-Chamberlain's Colic, Cholera and Diery instance, it immediately subdues the itching irritation and heals the Eczema right up and it is often years later before any eruption again manifests itself.

Any good pharmacist will supply an ounce of bold-sulphur cream, which should be applied to the affected parts like the ordinary cold creams. It isn't unpleasant and the prompt rehef afford is cery welcome, particularly when the Eczema is accompanied with torturous itching. (adv)

Learning to swim is wise, of course, but many excellent swimmers were drowned when the Empress of Ireland went down. Many of those who could swim were strong men. These two little girls not only knew how to swim, but also possessed the coolness that makes heroes and heroines in times of great danger. While others who could swim as well were frightened, and swallowed water while crying for help, and while others, far stronger than they, became discouraged and gave up the struggle, these youngsters paddled away in the hope of the rescue that, as fate deter-

It is believed there will be great indignation if there is no attempt to recover the bodies, and to meet this demand, if possible, the Governmet understood to e anxous to have the liner brought again to the surface.

TRACTION COMPANY ADOPTS. NEW RATE SCHEDULE.

Beginning on June 20, the Kentucky Fraction & Terminal Company will establish an entirely new schedule of rates upon its interurban lines centering in Lexington, the new rates being made to conform to the two and a half cent rate law passed by the last session of the General Assembly. This law has been construed to apply to interurbans as well as steam roads, the latter having already taken steps to put the new rate into effect and the

The most significant feature of the new change rates is that it will entirely abolish the old five-cent fare zones, and fare points, the minimum rate as provided in the new law, being ten cents.

.This will affect a large number of interurban patrons living within two miles of Lexington, Paris, Versaille and Geogretown, who have up to this time been enjoying the advantage of a five-cent interurban service.

Outside of the increase in the minimum fare from five to ten cents the most marked change affecting local patrons of the interurban service is rates from Paris, Lexington, Versailles and Georgetown. The rate to these places is raised five cents in each direction. The rate from Paris to Lexington will be forty-five cents instead of forty cents, as at present. The special rates to Blue Grass Park from Lexington and other points effective as summer round trip excursinos will not be changed. The rate from Paris to the Country Club, 35 also remains unchanged
